

GSE-Certified UCD Solution Provider!

At DocMagic, our goal is to make it easy for you to implement successful Uniform Closing Dataset (UCD) submissions to the GSEs. Well in advance of requirements, our GSE-Certified solution is ready NOW - and satisfies every phase of the complete UCD mandate!

Generate & Deliver UCD files
to your GSE of choice

Borrower & *Seller* data in
the UCD file format

Seamlessly Integrate via
DocMagic's API

We know there's a lot more to the UCD requirement than creating a closing XML data file. Many providers are only partially certified — or not certified at all. DocMagic makes it easy to implement your full UCD file generation and delivery process.

We're here to help you meet all requirements and establish your UCD process:

- Automatic data quality & compliance validations
- Supports the embedded XML, SMARTDoc® requirement today
- Combines (merged) borrower and seller CD
- Integrated to title systems to share XML data
